**OCOTEA ESSENTIAL OIL**- Young Livings Ocotea Essential Oil, wildcrafted from the jungles in Ecuador is truly a valuable gift from Nature.

This pure Ocotea from Ecuador is comprised of different chemotypes than Ocotea from other countries; containing significant levels of eucalyptol & 1.8 cineol making Young Living Ocotea an outstanding natural anti-biotic agent & excellent for relieving asthma, respiratory & sinus concerns. Additionally Young Living Ocotea is extraordinarily high in Alpha-Humulene, which had been researched as an extremely powerful anti-inflammatory; thereby speeding up our body's healing response when injured or ill & when ingested has a powerful anti-histamine action, reduces swelling & congestion(excellent for allergies & sinus concerns). When combining Cypress, Copaiba & Ocotea topical application 2-3 times daily reduces swelling & edema. AND... research has shown that when ingesting Young Living Ocotea 5-10 drops, 3-4 times daily triglycerides & cholesterol levels return to a healthy level, also blood vessel inflammation & plaque is reduced. Young Living Ocotea is also producing tremendous results in the following areas:

**Balancing Blood Sugar**- 1-3 crops under tongue, 4 times daily, significantly lowers blood sugar.

**Lowers Cholesterol** - 5-10 drops in a capsule at bedtime will help you sleep through the night, reduces stress & inflammation, reduces belly fat & improves mental acuity.

**Anti fungal** - Clove & Ocotea, either topically applied or ingested, dramatically reduces & often irradiates fungus.

**Candida** - Life 5 - 3-5 capsules daily, Detoxzyme, 3-5 capsules, 3 times a day away from food, Young living Ocotea 6-12 drops orally, 3 times daily- WOW! Watch the Candida leave.

**Parasites** - 10-12 drops orally 2 times daily - 3 weeks on, 1 week off. Starting 3 days before full moon. Do this for 3-4 months, bye-bye parasites.

**Diarrhea** - 1-3 drops in water, 2-3 times a day. .
