

## Release

Containing 5 oils blended specifically for assisting us in letting go of negative emotions, frustration, anger and any negative cellular memories.

RELEASE™ is equally effective with physical, emotional and mental concerns. Excellent to use on location after a trauma, injury or incident where pain is present.

Ylang Ylang helps bring in a sense of relaxation by balancing the male and female energies, re-establishes self confidence, self acceptance and self love.

Lavandin is a rapid healthy cell regenerator and powerful anti-bacterial.

Geranium stimulates nerves, assists in hormonal balancing, helps release negative emotional memories uplifting our thoughts.

Sandlewood stimulates the pineal gland in the mid brain assisting us in releasing painful memories. Sandalwood also assists our brain in the production of melatonin, helping us to have deep restful sleep.

Blue Tansy helps cleanse the liver and calm the lymphatic system, allowing us to overcome anger and regain self control. Blue Tansy also stimulates the thymus gland which helps us live in the present time. Not dwelling on the past or worry about the future.

Release™ is safe for diffusing, internal & topical use for your whole family, even your pets.
